

Are you interested in joining the Responsible Care® initiative?

Reach out the National Association (see list below) of the country where your company operates to find out more.

You are part of a multinational company, all sites of your company located in different countries?

join the Responsible Care initiative at national level by contacting the national associations.

You are a chemical distributor or a transport company?

contact respectively [FECC](#) or [ECTA](#) to find out more about the Responsible Care initiative in your sector.

Want to improve your logistics or chemical distribution operations?
Discover how our flagship initiative [SQAS](#) can help through expert assessments.

National Associations contacts list
