

Monday, June 10	Tuesday, June 11	Wednesday, June 12	Thursday, June 13
	<p>10:00 - 11:00</p> <p><u>Navigating Sustainable Carbon Cycles: The role of the chemical industry.</u></p>	<p>9:45 - 11:15</p> <p><u>Introduction to the European Chemical Industry in the Brussels Ecosystem: How to navigate the EU funding landscape</u></p>	<p>10:30 - 12:00</p> <p><u>Technologies for climate neutrality in the European chemical industry: What is needed to succeed?</u></p>
<p>11:15 - 12:00</p> <p><u>Hydrogen Economy: On track for 2030?</u></p>	<p>11:00 - 12:00</p> <p><u>The role of Chemical Recycling in Europe's Circular Economy. Transition</u></p>		
	<p>11:30 - 13:00</p> <p><u>The role of Innovation in the Green Transition of the Chemical Industry.</u></p>		<p>11:30 - 13:00</p> <p><u>Industrial Biotechnology. Day (2nd edition) – Biotechnology as key enabling technology for EU Strategies and Ambitions powered by BioChem Europe, EFCG, EFG (Cefic sector groups), EuropaBio and SICOS)</u></p>
	<p>13:45 - 14:45</p> <p><u>Safe and Sustainable-by-Design: A well established or new guideline for innovation?</u></p>		
	<p>14:45 - 15:30</p> <p><u>Embarking on a transformative journey from big data analytics to AI and Quantum Computing capabilities</u></p>	<p>14:00 - 15:00</p> <p><u>Maximising benefits of green digital transformation</u></p>	<p>14:30 - 15:15</p> <p><u>Breaking barriers with data sharing: Unlocking collaborative potential</u></p>
	<p>15:30 - 16:15</p> <p><u>Innovation as a Precondition for the Hydrogen Economy.</u></p>	<p>14:30 - 16:00</p> <p><u>Industrial Biotechnology. Day (2nd edition): The growing role of biotechnology in chemistry powered by BioChem Europe, EFCG, EFG (Cefic sector groups), EuropaBio and SICOS</u></p>
