

Professors

Prof. Aggarwal Varinder Kumar, Bristol University
Prof. Dr. h.c. Antonietti Markus, Max Planck Institut für Kolloid und Grenzflächenforschung
Prof. Bayley Hagan, Oxford University
Prof. Bogaerts Annemie, Antwerp University
Prof. Dr. Carreira Erick M, ETH Zürich
Prof. Centi Gabriele, Messina University
Prof. Dr. Coperet Christophe, ETH Zürich
Prof. Cossy Janine, Ecole Supérieure de Physique et Chimie Industrielles de la ville de Paris
Prof. De Feyter Steven, KU Leuven
Prof. Echavarren Pablos Antonio M., ICIQ (Institute of Chemical Research of Catalonia)
Assoc. Prof. Dr. Escudero-Escribano Maria, Copenhagen University
Prof. Dr. Feringa Ben, University of Groningen, Nobel Prize in chemistry 2016
Emeritus Prof. Sir Fersht Alan, Cambridge University
Prof. Frenkel Daan, Cambridge University
Prof. Dr. Glorius Frank, Münster University
Prof. Dr. Gogotsi Yury, Drexel University, Philadelphia, and Sumy State University
Prof. Goss Rebecca, University of St Andrews, School of Chemistry, Biomedical Sciences Research Complex
Prof. Gouverneur Véronique, Oxford University
Prof. Hocek Michal, PhD, DSc, Czech Academy of Sciences
Prof. Koskinen Ari, Aalto University
Prof. Lehn Jean-Marie, Strasbourg University, Nobel Prize in Chemistry 1987
Prof. Martínez Javier García, IUPAC and University of Alicante
Prof. Maulide Nuno, University of Vienna
Prof. Meijer Bert, Eindhoven University of Technology
Prof. Michl Josef, University of Colorado Boulder, USA and Institute of Organic Chemistry and Biochemistry, Prague, Czech Republic
Prof. Dr. Milata Viktor, Slovak Technical University (STU)
Prof. Dr. Nolte Roeland JM, Radboud University
Prof. Peña Diego, Santiago de Compostela University
Prof. Sir. Poliakoff Martyn, University of Nottingham
Emeritus Prof. Sanders Jeremy Keith Morris, Cambridge University
Prof. Dr. Seeberger Peter H, Max Planck Institute
Prof. van Geem Kevin, Ghent University
Prof. Weckhuysen Bert, Utrecht University
Prof. Dr. Wennemers Helma, ETH Zürich

Students

Aerts Roy, University of Antwerp

Dr. Berdugo Vilches Teresa, Chalmers University of Technology Gothenburg

Budinska Alena, ETH Zürich

Czachor-Jadacka Dominika, Rzeszow University of Technology, Rzeszow University of Technology

Ghiglietti Erika, University of Milano-Bicocca

Hansen Thomas, Vrije Universiteit Amsterdam, Faculty of Chemistry and Chemical Technology

Horvat Monika, Faculty of Chemistry and Chemical Technology, University of Ljubljana

Horvath Reka, Budapest University of Technology and Economics

Kejla Lukas, University of Chemistry and Technology Prague

Koopmann Ann-Kathrin, Paris Lodron University of Salzburg

Dr. Le Floch Fannie, Universcience/French Chemical Society

Mota Rute, NOVA School of Science and technology, Hovione/University of Aveiro/Nova University Lisbon

Mužina Katarina, Faculty of Chemical Engineering and Technology at the University of Zagreb

Nieminen Joonas, LUT University

Papavasileiou Paris, National Technical University of Athens & University of Luxembourg

Rüter Isabelle, Georg-August-University Göttingen

Serna Pablo, University Jaume I (UJI) of Castelló

Šerpytis Lukas, Vilnius University

Šulgan Branislav, Faculty of Chemical and Food Technology, Slovak University of Technology in Bratislava

Tincu Robert-Andrei, Faculty of Chemical Engineering and Biotechnologies of the “Politehnica” University of Bucharest

Yeow Kathryn, University College Dublin
